

COVID-19 Announcement

In Keros Blue Luxury Rooms & Villas we adapt our operation considering the new Safety standards & Hygiene protocols.

Starting from providing on-line check in and the reduction of our restaurant daily occupancy, our employees using the appropriate equipment will be welcoming our guests in our outdoor spaces always keeping the safety distances.

Main measures & procedures:

CHECK-IN AND CHECK-OUT

Check out time will be at 11am and check in will be at 4pm in order to have additional time for the thorough cleaning of the rooms.

ROOMS

A meticulous cleaning and very good room ventilation are taking place between stays of our guests. A welcome package with personal products antiseptic & cleaning kit will be delivered to you upon arrival. Mini Bar will be empty, delicacies and soft drinks can be ordered after the check in with extra charge for your own consumption. A menu with products and additional costs will be sent via e-mail or what's app. Every additional not basic equipment like menus, magazines, laundry bags, bathrobes, decoration pillows & covers will be removed.

DISINFECTION TEAM

A disinfection team will supervise the cleaning of the rooms and will specialize in cleaning rooms with suspicious or confirmed cases of coronavirus. In the event that the potentially ill cannot be transferred to a health center or the nearest hospital, a separate area will be created with strict distance and occupancy measures for the rooms and special cleaning will be carried out.

GASTRONOMY / F&B

One of best trademarks of Greece is its gastronomy! Since this is also the most famous feature of Limnos island and our cuisine at "Airtime Bar & Restaurant" is highly valued and appreciated by our guests, our kitchen follows Hazard Analysis Critical Control Points (HACCP), an internationally recognized method of identifying and managing food safety related risk. Our Food & Drink menu and Room Service will be maintained, while there will be more individual portions as well as packaged snacks & beverages. For that reason, additional safety measures will be introduced which must be followed by both guests & employees. Breakfast & A La Carte extra operating hours along with Room Service will improve our dining availability due to the reduced capacity of the restaurant & bar tables. In addition, the hands' disinfection will be mandatory upon entry to our shared areas. The tables will be covered with disposable tablecloths and cutlery will be on the tables. Cutlery will be replaced with increased frequency and strict hygiene and distance measures will be applied by employees. All our menu options will be provided at our new site or will be sent via mail or what's app after your check in.

POOL

The frequency of cleaning and disinfection of our pool will be increased and disinfectant products suitable for the current situation will be used for the water. Our swimming pool is 90sqm and due to Covid-19 guidelines the number of bathers should not be more than 18 at the same time. All sunbeds will be covered with disposable cloth which will be changed before being used by another guest.

BEACH

Each room will have its own umbrella and sunbeds (it's a proposal with extra charge which many hotels will adapt) on the beach throughout the stay. Water, soft drinks and packaged snacks will be available with self-service.
